ASTATISTICS OF THE COUNTY OF PE NOBSCUT

The fellowing statistics at the County of Penubacot as reinraed by the A-revrois of the several towns, we have prepared as a matter of general interest at the present time. There is a small variation in the amount of some of the preductions from the general table published by us a few days mace. The following list corresponds with an abstract of the returns made by Mr. G.A. Thatcher of this city which we think may be willed upon

Seemen will find them an unfallible remedy for the Scurvy; and Travellers, the best medicine they can use to countered the dangers of exposure in unhealthy climates. For ordianty Pamily Physic, they are universally approved.

These Pills have a powerful and salutary bperation upon the Glandelar System, removing all ob-structions from the Glands wherever sugged, Scirexit ex and Serofulous I afaits in all their forms, and if persevered in, so case of Scrolain, however sewere, can resist its influence. It is in their operain peculiar and potent, and so nearly resemble that of Calomel. In fact, the Tomatine has all the Al have in exact and perfect imitation of the gaussiae terative Deobstruent and Callantic properties of Calomel, without ever producing unpleasable or in terative Deobstruent and Callinitic properties of

eradicating every particle of it from the system, ame renovating the constitution broken down by its use which it does by correcting the shift to the blood and through that, currecting the morbid secretions of the glands, and restoring them to a healthy and their own proper action Its effects are analogous to Sarsaparilia and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar mitself.

The posulius virtues of the Poppers. Plant have or along time attracted the attention of the Mediapprofession and the Public, and a lively Interest has remently been directed to the future developement of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safeand valuable remody ever discovered adapted to all cases where nature is disturked, and when any of the functions do not per form their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physcure for disease in its every variety of form because in ians who have prescribed tham, all concur to corruborate this opinion.
